- Your donation will enable us to provide a new approach to wellness including resources, camaraderie, peer groups, new parenting classes, and PREinvent YOUR Life® programs. We believe that everyone should have an opportunity to love life.
- Your donation will also make it possible to open the very first Commun-a-tea Center. The Commun-a-tea Center will create a safe, non-threatening, come as you are, judgment free environment; a place where members of the community can come together to share talents including art, music, decrease social isolation, and learn what they need to know so they can enjoy life. At the Commun-a-tea center, exciting programs, theme days and fun will be provided. Programs will NOT be just for kids. All of the programs developed by the Time to Play Foundation are intended to work together in a non-threatening manner to convey the empowerment within. Group classes provide peer to peer support, decrease social isolation, increase friendships, and increase camaraderie. The Time to Play Foundation knows how hard it is to seek help and how many remain in a cycle of frustration or despair. We provide healing through other methods. A gathering of people will create an environment where no one is alone.

Other sponsorship options are available. Donations are welcome in any amount. Please contact us for more information.
